#### Becker Hammer Drilling Systems

- Equipped with either 5 1/2" OD x 3" ID or 6 5/8" OD x 4" ID;
- Dual Wall Hammer Pipe;
- Hammer Drill Depths to 200 feet (contingent on pipe size & soil conditions);
- Attachment Options Available;
- Split Spoon & Shelby Tube Sampling;
- Hydraulic Drop & Hammer for Measuring Soil;
- Density;
- Diamond Rotary Drilling Attachment;
- Coring Capability;
- Air Rotary Conversions;
- Auxiliary Center Sample Rotary (CSR);
- Auger Capability;
- Anchor Installation for Retaining Walls;
- Environmental / Geotechnical Monitoring Well Installation.
